SUMMARY

Third-year Computer Science student at Kasetsart University seeking a Business Analyst internship. A developer who genuinely enjoys talking with people and is curious about what they need before writing any code. Led BA and UI/UX for the ICPC Thailand Regional registration system, and built a university search platform during an internship. Eager to learn and comfortable working across business and engineering teams.

WORK EXPERIENCE

Software Engineering Intern — Office of Computer Service *Aug 2026 – Dec 2026*
KU Phumpanya Project, Kasetsart University

- Built a full-stack semantic search platform end-to-end using Next.js, Laravel, and FastAPI, integrating GraphRAG retrieval across Qdrant and Elasticsearch
- Designed the retrieval architecture and API contracts connecting the embedding pipeline, search indices, and frontend, translating university search requirements into system design decisions

Research Assistant — CNC Research Laboratory *Jan 2025 – Present*
Kasetsart University

- Processed 990M+ Ookla/M-Lab NDT7 network-quality records with GeoPandas and BigQuery, building the ISP-to-ASN grouping and spatial join pipeline behind AINTEC '26's cross-country broadband/mobile quality analysis

Teaching Assistant — Statistical Programming, Kasetsart University *Nov 2025 – Apr 2026*

- Led tutoring and exam-prep sessions; graded assignments and proctored exams

SELECTED PROJECTS

ICPC Thailand Regional 2026 Registration System *Jul 2026 – Present*
Organizer, Business Analyst & UI/UX Lead

- Led the end-to-end product design of the registration platform, defining user flows, business requirements, and UI/UX for nationwide team registration
- Analyzed and consolidated registration workflows across sub-regional competitions into a unified platform, coordinating requirements between organizers and developers

AINTEC '26 Poster — Internet Landscape Study of Southeast Asian Countries *Accepted — AINTEC 2026, Taipei, Dec 2026*

- Co-authored an empirical study evaluating broadband/mobile network quality across 9 Southeast Asian countries; contributed to data collection, cleaning, ISP-to-ASN grouping, spatial analysis, and large-scale analysis of 990M+ Ookla/M-Lab NDT7 records

Cake Your Story — S&P Bakery Campaign Microsite

- Built an interactive cake-builder campaign site matching choices to 20 personality archetypes, using React 18, deployed on Vercel

EDUCATION

B.S. Computer Science *Expected 2028*
Kasetsart University

High School
Bodindecha (Sing Singhaseni) School

LEADERSHIP & ACTIVITIES

President — Computer Science Student Club *Jun 2025 – Mar 2026*
Kasetsart University

- Led a 40-member student organization serving 500+ Computer Science majors; coordinated with faculty and external partners
- Organized 10+ academic and club events per year

Organizer, ICPC — Kasetsart University *Jun 2026 – Sep 2026*

- Organize competition logistics and maintain the registration system for ICPC Thailand Regional

Volunteer — APSys 2026 (ACM SIGOPS Asia-Pacific Workshop on Systems), Bangkok *Sep 2026*

Volunteer — FOSSASIA Summit, Bangkok *Mar 2026*

- Supported event logistics for an international open-source tech conference

ADDITIONAL INFORMATION

Languages: Thai (Native), English (Intermediate, B2)

Programming: Python, JavaScript/TypeScript, Java, C, C++, PHP, SQL

Frameworks: Next.js, React, FastAPI, Laravel

Data / Infra: Elasticsearch, Qdrant, PostgreSQL/MySQL, Git, Docker, BigQuery

Traits: Works well under pressure and in cross-functional teams
